- Model 8394 Patio Door – Low E-Low E/Argon or better

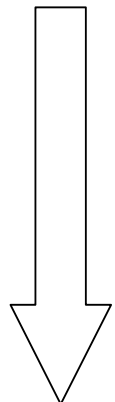

Important Notes:

1. Any glass option that is 'better' than the type listed for a particular model will also qualify for the tax credit. Not all glazing options are available in all windows.
2. Specific window performance data is shown on the NFRC label affixed to the window glazing at time of purchase. When possible, keep these labels for your records.
3. This document should not be considered legal advice; you should consult a tax professional to determine whether you qualify for the tax credit.
4. Use IRS Form 5695 when filing your 2009 and 2010 taxes. www.irs.gov
